# THE JULIA MORGAN BUILDING CELEBRATING 100 YEARS

MARCH 27, 2025

3400 LAGUNA STREET, SAN FRANCISCO, CA 94123

Julia Morgan (January 20, 1872 – February 2, 1957) was an American architect and engineer. She designed more than 700 buildings in California during a long and prolific career. She is best known for her work on Hearst Castle in San Simeon, California.

From 1922 to 1925, Julia Morgan was enlisted to design a boarding home to house elderly women in San Francisco. Today the building is home to Heritage on the Marina, San Francisco's premier Life Plan Community. The beautiful Julia Morgan building is owned and operated by the San Francisco Ladies' Protection and Relief Society, one of California's first philanthropic organizations, established in 1853.
